

Allied Women's Center

Capital Campaign 2017 for Concrete Driveway/Sidewalk Replacement

The concrete driveway apron and sidewalk at our center location at 102 Marshall Street has deteriorated to the point of being a safety hazard to our clients and is in immediate need of replacement. The photo shows just how buckled the concrete is. We need the help of generous supporters to meet this challenge!

The cost of the replacement / repairs of the broken concrete has been bid out and the best proposal will cost approximately \$10,000. We need help to cover the cost of this urgent project.

Your donation can be made by mailed check or credit card:

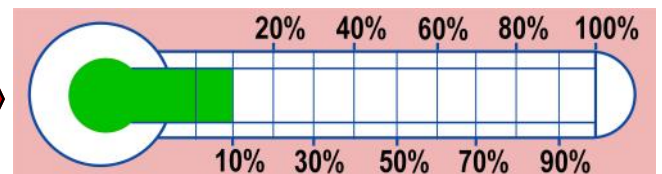

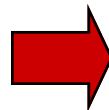

1. Mail a check to:
Allied Women's Center
102 Marshall Street
San Antonio, TX 78212

Please note "Driveway" on check

2. Donate on AWC website:
Click Donate button to access donation webpage. Please insert "Driveway campaign" in the Comments block.

Check the status of the Driveway Campaign by visiting "alliedwomenscenter.com" to view the fundraising 'thermometer'.
