

ALLIED WOMEN'S CENTER SUCCESS STORIES

ELAINE V.

AWC CLIENT

"At first I didn't want to give birth to my son Ruby, now 7 months old, but now I consider him a blessing. When I first visited Allied Women's Center I cried after viewing a film there. That's because I then realized exactly what I'd be doing if I aborted my baby. I decided I could not do that to my child, and am so glad Allied was there for me."
