

# ALLIED WOMEN'S CENTER SUCCESS STORIES

**ANNA R.**

*AWC CLIENT*

"I travelled from my home in Laredo to San Antonio with the idea of terminating my pregnancy. At age 24, I was living alone on the street, homeless and pregnant. I found Allied Women's Center in the telephone directory, and I called them as I wanted an abortion. I made a visit to the Center, and a woman there showed me a video, and really listened to me. That's the day I decided against aborting my baby. I am so happy I found Allied and not an abortion clinic. The ladies at Allied gave me maternity clothes, and lots of things for my baby. They even provided a home for me to live in. Thanks to all who volunteer at and who support Allied Women's Center."
